

Zuckerberg San Francisco General Research Protocol Applications Procedure

If you are planning to enroll patients at ZSFG, are using ZSFG personnel, resources, facilities, space (even if it is your own office) or ZSFG patient data (even if you are only collecting names and numbers), you must complete an ZSFG Research Protocol Application (see below). We use the data collected in these forms to explain all ZSFG research activity on our campus.

Protocol Application Process:

1. Complete ZSFG Research Protocol Application (scroll down)
 2. Gather all signatures except for Administrative approvals at the end of the application (see contacts)
 3. Please sign the HIPAA acknowledgement
 4. Send completed application to the ZSFG Vice Dean's Office (see contacts)
 5. We will process your application and collect the Administrative approvals. Please allow for a typical turnaround time is 7-10 days.
 6. The Dean's office will send the signed original to the PI and a copy to the additional contact when the application has been approved.
 7. If you need to contact us about your application status please provide the CHR number.
